

Sega Game Gear on a Chip

Weekly Update #7

Max Thrun — Samir Silbak

November 16, 2012

Accomplished

- Worked on design report. [1]
- Continued work on Sega Memory Mapper module. [2]
- Started looking into emulators in order to get a video ram dump to test with.

Planned

- Continue work on design report.
- Prepare for design review
- Work on Video Display Processor.

Outstanding Issues

None at this time.
